HELPFUL PR MESSAGES

fhrbek commented 20 days ago

(PE-15510) - replaces #761 that was reverted

What does this PR do?

- This PR unifies the appearance of the fact filter in Reports and Overview.

Where should the reviewer start?

- Check the changes in the code, use `w=1` to get rid of the block indentation change.

How should this be manually tested?

- Run the app from source, check that both Report and Overview page look good with all possible filter statuses (fact filter hidden, fact filter open, fact filter filled in with 1 or more rows).

- Run the app from source, check that both Report and Overview page look good with all possible filter statuses (fact filter hidden, fact filter open, fact filter filled in with 1 or more rows).

Any background context you want to provide?

- As the filter in Overview contains the Overview specific leaderboard inside, the element structure had to be reworked a little bit so that the border wouldn't surround the leaderboard which wouldn't look good.

What are the relevant tickets?

<https://tickets.puppetlabs.com/browse/PE-15510>

.GITHUB/PULL_REQUEST_TEMPLATE.MD

The screenshot shows the GitHub interface for creating a pull request. At the top left is a small profile picture of a man. To its right is a text input field labeled "Title". Below these are two tabs: "Write" (active) and "Preview". The "Write" tab contains a rich text editor with various formatting options (bold, italic, link, etc.) and a list of prompts for the pull request description. The prompts are: "(PE~)", "#### What does this PR do?", "#### Where should the reviewer start?", "#### How should this be manually tested?", "#### Any background context you want to provide?", "#### What are the relevant tickets?" (with a link to <https://tickets.puppetlabs.com/browse/PE->), "#### Screenshots:", and "#### Questions:". At the bottom of the editor is a dashed line and the text "Attach files by dragging & dropping, [selecting them](#), or pasting from the clipboard." Below the editor, there is a footer with the text "Styling with Markdown is supported" and a green button labeled "Create pull request".

ALL LINKS ARE EQUAL, ...

The screenshot shows a web browser window with the address bar displaying the URL: `https://github.com/puppetlabs/puppet/blob/6868ed64c7ea5a9249cb96b017544b7975493c6c/.travis.yml`. The page title is "puppet/.travis.yml at 6868ed6". The repository name is "puppetlabs / puppet". The navigation bar includes links for "Pull requests", "Issues", and "Gist". A red arrow points to the "Issues" link. Below the navigation bar, the file ".travis.yml" is selected, showing 40 lines (37 sloc) and 685 Bytes. The commit message is "Bump travis to test 2.1.9 same as p-a ships" by user "kylog (maint)". The contributors section shows 12 contributors. The code snippet for ".travis.yml" is as follows:

```
1 language: ruby
2 sudo: false
3 before_install:
```

To the right of the GitHub page is a vintage black and white photograph of a family riding a bicycle. A large yellow box with the letter "Y" is overlaid on the bottom right of the photo.

THANK YOU!
